

Kennel/Cage Container Requirements for Pets on Loganair flights

Between 22nd Dec 2025 and 4th Jan 2026 All Flights are embargoed for carriage of PETS. This embargo is for all flights except the BN2 Inter-Isles Operation at Orkney which will continue to offer the service.

Pet/s must be booked prior to travel to ensure that 2 animals from different families do not end up on the same flight.

Failure to book may result in us refusing travel for your pet on the day.

The correct size of a container is essential. It must protect the animal during transport, be secure and have sufficient ventilation. If you do not meet the following requirements,

- Loganair can only carry PETS (Cats & Dogs) in the hold
- Loganair DO NOT carry animals as cargo (AVIH)
- Loganair DO NOT carry other animals – only cats and dogs accompanied by the owner
- Loganair can only carry one pet container per flight up to a maximum of 32kgs per animal including weight of container.
- Loganair can only carry a maximum of 2 animals in one container (see notes 1)
- Loganair can carry PETS in all aircraft types
- DHC6 & BN2(Space available at time of booking and restricted to Island residents)
- EMB145 Aircraft G-SAJI/JG/JH cannot carry pets in the hold

Operating Flight crew MUST be advised of PET travel on all occasions

Loganair cannot carry certain breeds due to breathing difficulties, see list below

- All bulldogs
- Pugs
- Pekinese

Cross Breeds

Cross breeds of Bulldogs, Pugs and Pekinese including cross breeds with other brachycephalic breeds are not acceptable.

We may refuse travel for your pet.

- Container must be large enough for the pet to stand up, turn around and lie down in a natural manner. But not so big that it could cause injury to the animal with excess movement. It should be as comfortable as possible
- Container must be strong enough to protect the pet during transport, be secure enough to contain it and have sufficient ventilation.
- The door must be secured in such a manner that it will not open accidentally or your pet cannot open it during handling and transport.
- Your pet's nose and paws should not be able to fit through any ventilation opening or door mesh.
- The container should be constructed out of rigid plastic, wood, or a material of comparable strength. Fibreboard or wire mesh containers are not suitable for air transportation.
- Most pet store and kennels sell and/or hire containers or they can be made to measure to meet IATA specifications.
- No animals are permitted to travel within the passenger cabin in shipping kennels or otherwise (excluding Seeing Eye dogs).
- Weaned puppies younger than Twelve weeks must not be shipped due to possible dehydration effects in air transportation. Kittens, likewise, younger than 12 weeks must not be shipped

Notes

1. A maximum of two adult animals of comparable size up to 10kg each, which are used to cohabitation, may be shipped in the same container up to a maximum weight of 32kgs including weight of container.
2. Animals up to six months old from the same litter, up to a maximum of two, may be shipped in the same container/compartment.
3. Only rigid containers are acceptable for travel, collapsible cages or soft cages are **not** acceptable for carriage in the hold. This should be checked with the passenger at the airport. Carriage can be refused if container is unacceptable, please contact ground services if concerns are raised.

TYPICAL RIGID PLASTIC DOG CONTAINER

Door hinges and locking pins must extend beyond the horizontal extrusions above and below the door opening by at least 1.6 cm (5/8 in)

- The Container should be no bigger than **L90cm x W70cm x H75cm**
- The weight of the animal including box should be advised at time of booking (**Max weight 32kgs for both animals and container**)
- Passengers should be advised to allow 1hr30mins for the check-in and Pet process at the Airport (where applicable due Airport opening times)
- All carriage of Pets travelling with the owner must be booked via Loganair reservations on : **0344 800 2855**
- A picture of the container must be sent to reservations during the booking process.

Cost per container per sector - £50.00

Passengers are required to complete a disclaimer prior to accepting their pet. The form is held on the Cubiquity website or a copy can be obtained from

Air travel can be stressful for domestic pets and it is your responsibility to ensure that your pet is fit to undertake the journey. By presenting your pet for carriage you hereby acknowledge and accept the Terms and Conditions outlined below.

Terms & Conditions

You must make sure that all animals travelling as part of your checked baggage are put in proper, adequate and secure containers. If you fail to do this, we may decide not to carry the animals.

You must present to us all health and vaccination certificates, entry permits, transit permits, exit permits and other documents needed for the animals. If you fail to do this, we may decide not to carry the animals.

The animal must be at least 12 weeks of age.

Unless carrying the animals is covered by the liability rules of the convention, we will not be responsible for their loss, sickness, injury or death unless we have been negligent.

We are not liable to you for any loss you suffer because you do not have the health and vaccination certificates, entry permits, transit permits, exit permits and other documents needed for your animals. You must repay to us any fines, costs, charges, losses or liabilities we have paid or suffered because you did not have these documents.

Right of Refusal. We reserve the right, at our absolute discretion, to refuse to carry any animals. All carriage is in accordance with the conditions of carriage detailed in the current edition of the IATA Live Animals Regulations.
